Who is She?

I'm Ashleigh Stuart, the heart and creative force behind Su Casa Love Stories. As the founder of a digital and creative agency with over six years of experience helping businesses grow, I've spent my career bringing brands to life through storytelling. But my true passion? Love stories. There's something undeniably special about capturing the moments that matter most - the raw, unfiltered emotions, the happy tears, the uncontrollable laughter, and the quiet, intimate glances shared between loved ones. That's where the magic happens.

Su Casa Love Stories is about more than just creating content - it's about preserving the energy and emotion of your special day in a way that feels authentic and timeless. Whether it's a wedding, hens party, bridal shower, baby shower, or any celebration of love and connection as it grows in a family unit, I immerse myself in the moment to capture every detail - the way the light dances on a veil, the grip of a hand during heartfelt vows, the spontaneous laughter that erupts during speeches, new life entering the world and the warmth that fills the room.

I believe the best moments aren't staged; they're felt. That's why my approach is unobtrusive, allowing me to document the day as it naturally unfolds. I want you to look back at your photos and videos and not just see the memories, but feel them.

Every love story is unique, and my goal is to create a visual narrative that reflects the heart of your celebration. With a deep passion for storytelling and a sharp eye for detail, I ensure that no moment-big or small-is ever missed.

Let's create something beautiful together. Let's capture the love, the joy, and the once-in-a-lifetime moments that you'll cherish forever
